WORK HISTORY

FastTrack Developer, 04/2023 - Current

Cook Systems – Nashville, TN

- Implemented a RESTful API using Spring Boot, JPA, and Postgresql that exposes operations for social media data that resembles the conceptual model of Twitter.
- Operated SpringBoot and JPA to program controllers and services that handle HTTP requests and backend validation and logic, and convert data between the API and its database models.
- Utilized a GitHub repository to maintain version control and simplify collaboration.
- Tested programs and databases to identify issues and make necessary modifications.
- Environment: Java, SpringBoot, JPA, PostgreSQL, PGAdmin, Postman, Git, Eclipse, Maven

Electrician's Apprentice, 08/2021 - Current

Invictus Electric Service Co. – Nashville, TN

- Expedited overall time spent at job sites by staging the area and diagnosing potential challenges.
- Programmed the company's website, providing improved customer experience by allowing them to

contact us directly
through the website.

- Inspected electrical systems, equipment and components to identify hazards and defects.
- Tested electrical systems functionality and continuity of circuits using devices such as ohmmeters, voltmeters and oscilloscopes.

Delivery Associate, 06/2016 - 01/2021

Amazon – Nashville, TN

- Monitored the progress of our drivers throughout the day, making sure each driver was progressing through their routes efficiently and safely, and allocating assistance from drivers in their area when needed.
- Inspected each vehicle for safety concerns, making sure to report any concerns for vehicle repairs.
- Worked varied hours to meet seasonal and business needs.
- Prioritized tasks to meet tight deadlines, pitching in to assist others with project duties.

Warehouse Associate, 03/2014 - 05/2016

Amazon – Murfreesboro, TN

- Aided management in training new hires via walkthrough tours of the warehouse, showing new employees the different sections of the warehouse and explaining the safety practices.
- Prepared orders for shipment by picking, packing, and labeling merchandise.
- Used hand-held devices and computers to record and monitor inventory levels and completed audits to uncover and address inaccuracies.
- Operated pallet jacks and material moving equipment to receive and transport items from various warehouse locations.

EDUCATION

Bachelor of Science: Computer Science And Programming, Expected in 05/2024

Tennessee State University - Nashville, TN

- Hope Scholarship Recipient
- Pell Grant Recipient
- Relevant Coursework: Data Structures, Operating Systems, Communications
- 3.5 GPA

Associate of Science: Computer Science, 05/2020

Nashville State Community College - Nashville, TN
